SLEEP INN CHARLESTON COMPLETES FULL *DESIGNED TO DREAM*® INTERIOR RENOVATION

CHARLESTON, SC – In an ongoing effort to provide guests with fresh, comfortable accommodations, the Sleep Inn Charleston announced today the completion of its two year full renovation. The 74 room mid-scale hotel is conveniently located less than 5 miles to downtown Historic Charleston and the Charleston International Airport. Numerous historic plantations and gardens, Folly Beach and a wide variety of restaurants and dining options are a short drive away.

Sleep Inn Charleston's newly renovated interior reflects the design elements outlined as part of the *Designed to Dream*® national campaign for Choice Hotels. Guestrooms now feature warm colors, soft lighting, nature-oriented elements and modern furnishings. Newly updated bathrooms include contemporary frameless glass showers, bamboo-like tile floors and freestanding granite vanities. Sleek furniture, 32" flat screen TVs, black and white photography, and bedding with earth-toned coverlets and bed scarves complete the guestroom updates. Guests will find the lobby and other hotel public spaces to be a welcoming environment where they can choose to relax or connect.
